

HOUSEHOLD USES FOR VINEGAR

1. Clean counters and refrigerators with a half and half solution of vinegar and water.
2. Kill weeds and unwanted grass by saturating with vinegar.
3. Remove grease from oven by spraying with full-strength vinegar. Allow to sit for 10 minutes and wipe clean.
4. Place a bowl of vinegar inside a closed room overnight to freshen.
5. Clean windowsills and baseboards with a half and half solution of vinegar and water.
6. Remove mineral deposits from coffee makers. Fill the water reservoir with full-strength white vinegar and run through a complete cycle.
7. Boil vinegar in a tea pot to thoroughly clean.
8. Deodorize toilet bowls by filling with 3-4 cups of vinegar and scrubbing the sides. Let sit for 20 minutes before flushing.
9. Clean stains and clear smells from carpet. Use a solution of one cup vinegar to one gallon hot water. Brush on carpet (or use in a carpet cleaner) let penetrate for 10 minutes and soak up. Vacuum thoroughly when dry.
10. Saturate unwanted wallpaper with vinegar to easily remove.
11. Safely disinfect baby toys. Add one cup of vinegar to warm, soapy water and scrub clean. Rinse well and let dry.
12. In a microwave safe bowl, heat one cup vinegar and one cup water to steaming. Allow mixture to coat inside of microwave and then wipe clean to remove stains and odors.
13. Use a solution of half vinegar and half baking soda to clean showerheads. Fill a sandwich bag with the solution and tie around the showerhead. When the bubbling stops, remove and turn on the shower to wash clean.
14. Wipe plastic containers clean using a sponge soaked in vinegar.
15. Clean a dishwasher by running vinegar through a complete wash cycle.
16. Remove odors from a lunchbox by soaking a sponge in vinegar. Leave in lunchbox overnight and rinse.
17. Clean a smelly drain by mixing one cup hot vinegar with one cup baking soda. Slowly pour down the drain and let sit for 15 minutes. Rinse with hot water.
18. Place 2 cups white vinegar in a small jar to rid your kitchen of fruit flies. Bonus – add a funnel to the top of your jar. Fruit flies can climb in, but have a hard time getting back out.
19. Soak a paper towel in vinegar and place tightly around faucets to remove buildup. Let sit overnight and rinse clean.
20. Clean grills using a solution of half hot vinegar and half hot water.
